

Two-way Street

A one-way street
only allows you to go one way.

A two-way street
gives you the opportunity to go
in different directions.

When you see the sign say

“Do not enter.” Stop.

It’s not saying, “Proceed with caution.”

The signpost is advising you,
“You are about to go the wrong way.”

I pray you will heed the warning always,
when you are on the highways of life.

But, I also pray that your prayers
won’t be a one-way street.

So, look and listen both ways.

I believe my street
along life’s way

is always a two-way street.

I believe my prayers are answered –
I also believe my Lord’s praying for me.

“I also believe my Lord’s praying for me.”
